

Cambridge IndyMedia Presents:

7:30 pm Sunday 25 January

Film @ The Locomotive 44 Mill Road

Another Way Is Possible

A film about the political and social transformation of Venezuela.

One of the few countries that has chosen an alternative path *against* globalisation and neo-liberalism and *for* the interests of its people. The film is a vigorous and moving tribute to the political consciousness and determination of the people of Venezuela. It tells the story of another world which is not just POSSIBLE but that already EXISTS.
