

FIT WATCH BINGO

Are you bored with standing in a police pen? Are you fed up with being stopped and searched? Well, here's a new game for you to play...

Here is a list of all the names and numbers of FIT (Forward Intelligence Teams) cops that we have so far compiled. FIT teams are the cops who follow, harass and take photos of activists.

Place a tick in the first box for each of the cops you can identify. Tick the second box if you manage to get a photo of the cop and you're willing to add it to the FIT Watch database. Bonus points will be given for getting the cop named to sign to confirm their identification and for getting new names and numbers.

Hand completed forms and photos into the Convergence Space, email to defycops@yahoo.co.uk or send to Box 3, Archway Books, Bakehouse Yard, Falmouth, Cornwall TR11 2DB.

Have fun...
