- Barclays is one of the largest investors in the global Arms Trade - making a killing from killing.
  - Weapons companies around the world and Barclays Bank profit from arms sales to Israel.
  - Barclays is the only high street bank with significant direct investments in Israeli companies.
  - Israel's occupation of Palestine is illegal. Palestinian land and other resources such as water are commandeered for illegal Israeli settlements.
  - Israel has a documented policy of keeping the people of Gaza in a state of near starvation through its blockade. This is illegal collective punishment.
  - The separation wall is illegal under international law.
  - Israel is in breach of scores of UN Security Council resolutions and is widely condemned for its crimes against humanity in Palestine.
  - Extensive research by the Glasgow University Media Group proves that UK mainstream media reporting of the conflict is heavily biased in favour of Israel.
  - The current escalation of the conflict was triggered by aggressive Israeli military action but mainstream reports gave the false impression that Israel acted in self defence.
  - Around 160 Palestinians, over 20% of them children and two thirds civilians were killed in recent days. Estimated injured 1,000, almost all civilians. Four Israeli civilians and two military are reported dead. One Palestinian has been killed and 9 wounded by Israelis since the cease-fire (correct at 23 Nov).
