

## **CLOSE GUANTANAMO NOW!**

Today is the 100th day of the hunger strike by well over 100 of the 166 prisoners at Guantánamo.

Over 30 are now being strapped down and forced in breach of the Geneva Conventions to which the US is a signatory. This is torture.

90% of the prisoners at Guantánamo have not been charged with any crime. Over half are cleared for release but continue to be held under brutal conditions, tortured (read accounts by ex-inmates of their treatment for details) and with no hope of freedom.

Some prisoners are now close to death.

Worldwide, people are calling for Obama to keep his promise to shut Guantánamo and for the prisoners to be released alive. We cannot allow death to be the only way out of Guantánamo.

British resident Shaker Aamer, not charged with any crime, cleared for release, has been held at Guantánamo for 11 years and is still held there. He joined the hunger strike in March.

**17-19 MAY: 3 DAYS OF ACTION  
& FASTING IN SOLIDARITY WITH  
THE HUNGER STRIKERS**
